Secretary's Message

"All our dreams can come true, if we have the courage to pursue them"—Walt Disney
Dreams may seem to be far removed from reality. They may seem impossible and improbable. But little do we realize that all of us have in us the strength, patience and the passion to fulfil our dreams. The vision and dreams of a few kind hearted philanthropists and educationists, led to the founding of this institution. The hard work and perseverance of the successive members of the management and the academicians have enabled the institution emerge as one of the much sought after colleges in the city. It is now our duty and responsibility to carry forward this dream and with steadfast faith and determination redefine the standard of excellence, strengthen the spirit of solidarity and celebrate the power of knowledge to transform the society. We are firm in our commitment towards producing competent and confident students to successfully face the future challenges.
With Best Wishes

Thank you.

Shri. Ashok Kumar Mundhra

Principal's Message

Education is for improving the lives of others and leaving your community and the world better than you found it"— Marian Wright Elderman.

True education goes beyond dissemination of knowledge and acquisition of skills. It is all about how it moulds your character, shapes your thinking and prepares you for a future. This institution established on the principles of Vaishnavism, aims at inculcating in the minds of the youth not just intellectual curiosity but also the spirit of tolerance and humaneness. Today, the college has seen a phenomenal growth and is poised for achieving greater glory. Now is the moment to reckon with. The spiralling growth registered over the years has to be sustained and quality assurance should be the top most priority. It is through the concerted efforts of the management, principal, teaching fraternity and the admin staff that we have been able to create new bench marks for ourselves, to be recognized and acknowledged as one of the premier centres of higher learning. The exemplary prowess shown by the students in curricular and co-curricular activities is sure to enable us to realise our potential and transform the vision of the college of imparting quality education into a reality.

I am confident that this group of professionals will be the torchbearers of your organisations as well as of India, and I recommend them enthusiastically for your consideration.

Thank you

Dr. R. Ganesan M.Com., M.Phil., Ph.D

Director's Message

Dear Recruiter,

Greetings! . We School of Management, D G Vaishnav College, extend a hearty invitation to all our recruiting partners. The relationship between educational institutions and industry is highly synergetic. Since the primary objective of students in pursuing higher education is to get a good job on completion of their studies, the institutions need the support of industry to help the eligible students in their final placements. On the other hand, industry looks to the educational institutions for their requirement of qualified and trained manpower. Thus, it is in the interest of both Industry & Institutions to develop a strong cooperation, which can be win-win for both and will also be beneficial to the students. Apart from excelling in academics, we want our students to be corporate ready professionals. Hence we conduct extensive Employability Enhancement Program designed to develop professional skills and provide value added training and certifications in their domain areas. They are also exposed to practical aspects of industry through guest lectures, industrial visits, internships etc. While we highly appreciate the confidence reposed in us and the invaluable support extended by our recruiters over the years, we are eager to know the experience and expectations in terms of required skill sets. We would be happy to partner with our recruiters in upgrading the skills of our students as per specific industry needs, so that they can be productive from first day and be the preferred choice for hiring. We are committed to ensure the best recruiting experience and assure you of our best efforts. Happy hiring!

I am pleased to convey that a batch of highly talented young men and women is ready to take up challenging responsibilities of the corporate world.

Thank you

Anand Agarwal, (MBA Batch 2002) Entrepreneur

Hi I am AnandAgarwal, batch 2002 MBA-Finance, an entrepreneur and currently trading into tiles and sanitary ware with" an annual turnover of more than 20 Cr. The best thing to happen to me in my life is when I spend two years in MBA. And where I got introduced to various aspects of management principles, how the financial markets work, knowledge about HR, about MIS to name a few, which then I took it very casually but never knew that all these knowledge and application will help me even today, in my daily operation of my business."
